following A through H Open Source Modular Positions or Control Boxes as we call them can help guide and design your channel creation and enhancements.

Media Centers are available to be installed (integrated into your website) Of course we will do it all for you or you can DIY.

Box A is the Video Player Box and will be designed with our playlist manager and your iptv channel account(s).

Box "B" Header - Logo or Slogan, Graphic or Text (640x82)

Box "C" Upper Right- Slogan, Graphic or Text (300x82)

Box "D" Right - ADX, Slogan, Graphic or Text (300x100)

Box "E" Right - ADX, Slogan, Graphic or Text (300x250)

Box "F" Right - ADX, Slogan, Graphic or Text (300x100)

Box "G" Right - ADX, Slogan, Graphic or HTML

Box "H" Right - Youtube Video Wall ADX, Slogan, Graphic, Text and HTML

## Playlist Box "A" Types:

### Continuous Play

Continuous Play is Just Like Television. When a User Connects to View, they see your channel just like the old way but now directly broadcast to any device with a player and the proper link. Add Pre/Post-Roll Clips for Channel Monetization and Customization.

### Random Loop

Random Loops Randomly select content so that the viewer does not have to start at the beginning of a playlist, this adds variety and is a add-on to a continuous play channel.

### Newest to Oldest

Newest Uploaded Clip is placed at the beginning of the playlist.

### Start to End Playlist

Like Newest to Oldest, Playlist is sequenced.

### On Demand URLs

You can make custom URL's for your Content Distribution and Social Sharing

### Private/Pay Per View

Using a Shopping cart to accept your payments - directing a client to a Viewing Pay Per View >> Access Paylink >> Make Payment Complete >> automatically moves you to the PPV viewing screens. You make the Successful Landing Pages to your PPV Content. Any combination of All of the Playlist Types is encouraged.
